

SYNERGY PARKLAND

Saw Avenue
Kings Park, Western Australia

DESIGNED BY - PLAN E

Located in the centre of Kings Park, Synergy Parkland has been an iconic recreational location for generations of Western Australian families.

Upgrade and refurbishment works undertaken by LD Total significantly replaced aged equipment and degraded surrounds, whilst retaining pre-existing uses, character, scale and historic significance. The upgrade works included :

- New timber playgrounds and lake bridge
- Lake reconstruction works
- Lake hydraulics and irrigation
- Solar Lighting
- Summer "Sunset Cinema" facility
- BBQ's, drinking fountains and street furniture
- Feature signage and public art
- Soft Landscaping
- Drainpave porous paving
- Surrounds to Zamia Cafe

Since upgrade works have been completed, Synergy Parkland has become a significant family and tourist facility within the Kings Park precinct, attracting in excess of 600,000 visitors each year.
