LAKE KARRINYUP

North Beach Road Gwelup, Western Australia

Lake Karrinyup Estate is a unique subdivision nestled in next to Lake Karrinyup Golf Course. Landscape Development designed and built the small POS along with extensive perimeter walls and entry statement.

Grass trees were harvested at an early stage of the civil works and were later transplanted into the POS. Mature trees were retained wherever possible.

Landscape Development also designed the road paving layout, which was then constructed by the civil contractor.
